Is there anything that would help you feel comfortable and supported in our work?

Accessibility needs, accommodations, how you like to learn or participate, or anything you'd simply like us to know.

— A NOTE BEFORE WE BEGIN

Starting Point Consulting provides **educational and supportive services** — nervous system education, somatic practice, and consulting. This work is **not** therapy, counseling, diagnosis, or medical care, and it does not replace care from a licensed professional. If you are experiencing a medical or mental health emergency, please seek care from a qualified provider or call your local emergency number.

☐ I have read the note above, and I understand that participation is voluntary.

Your Client Service Agreement was accepted at the time of purchase — there is nothing further to sign here. Your information is handled according to our [Privacy Policy](#). If coordination with a provider you already work with would ever be helpful, that happens only if you ask and only with your written permission.
